

Standard # 3: Expense and Human Resource Services Assessments Package

A standard expense and human resource services assessments package, developed by OPB in conjunction with DMS, may be used in requests for new positions. The expense package addresses professional and secretarial/clerical positions and requires travel expense to be justified by an agency's experience. **Any requests reflecting increases above these standards require justification in the D-3A issue narrative.** Use of these standards in the Exhibit D-3A requires only the total amount to be shown. The non-recurring portion should be entered into the non-recurring request column.

*For agencies using Centrex, the "Voice Over IP, line/use" item is to be replaced with \$444 (includes \$99 nonrecurring) for professionals and support staff.

Standard # 3: Expense and Human Resource Services Assessments Package

** For Centrex telephone purchase, \$200 (digital) is the price for a state contract phone with 2 or more lines of service. Purchase price for one line is \$125 (analog). An estimate of \$150 for a cable and jack installation is not included since most new positions are housed in existing offices that are already wired for telephones.

*** For agencies with professional staff that utilize calculators, \$45 may be added. For agencies requesting additional attorney positions, \$700 for Law Library may be added.

****For positions that are within Project Management or Information Technology, an additional \$400 for MS Project, \$200 for Visio Pro, and/or \$100 for Power BI may be added. Positions within Communications, Education, and Outreach the aforementioned license costs for Visio Pro or Power BI as well as \$700 for Adobe Creative Cloud may be added. All license costs are annual.

*****The amount provided for computing equipment is for a desktop and a single monitor. An additional monitor may be needed, which would add \$129 for the second monitor. For agencies with professional staff requiring a laptop, monitor(s) and docking station, the computing equipment may be \$1,625 to \$1,754. The amount of \$1,625 provides \$1,186 for a laptop, \$129 for a single monitor and \$310 for a docking station. Adding an additional monitor brings the cost to \$1,754.

NOTE: Add all new positions requested and multiply the total by \$218. The resulting amount should be requested in category 107040 to increase the amount to transfer to DMS for Human Resource Services.
